### Living Social Range Feedback

- ✚ They were able to customize the time for my wife (more of a novice) and me (a little more experienced). Nice guys.
- ✚ Really nice, professional, safe facility and staff and personalized training was AWESOME! Thank you!!!
- ✚ Instructors were birth knowledgeable and patient. Will continue to use them to improve my shooting.
- ✚ Jack was great with scheduling as we had to reschedule a few times. The lesson was very good, especially for a beginner, and he was very patient with us. I'd definitely go back for another lesson sometime in the future!
- ✚ Jack is a great teacher...very patient and kind. And believe me, as a 64-year-old who had never fired a gun before, I needed plenty of both.
- ✚ Bullets were not included in the lessons. Felt rushed by the instructor. Flying through rounds = need to buy more bullets. It got costly, quick.
- ✚ My instructor was GREAT!!! I was terrified in shooting a gun as it was my first time, and I couldn't have asked for a better instructor than Debra Demmie. Now, I want to go purchase a gun to practice more. Thank you LivingSocial!! You did it again!!
- ✚ The experience was wonderful. It gave me confidence and the desire to want to learn more about gun safety and protection. The Guns-N-Gear team was very flexible and accommodating to my schedule. Thank you so much for your patience!
- ✚ The instructors were both very good. My wife and I both enjoyed the class.
- ✚ These guys are great. I would send all my friends to them. Oh wait I already did.
- ✚ Instructor was great - very professional, not rushed, very great experience overall.
- ✚ They were superb. Recommend them to everyone.

- ✦ The instructors were great, very patient and very knowledgeable. I will definitely return to them for more courses!
- ✦ Living Social needs to indicate how much money you need to bring to pay for the bullets. It was a total surprise as to how much additional money we needed.

- ✦ Excellent! The instructors are very knowledgeable and were very patient with us. I had never fired a gun before so I was very nervous, but my instructor was very understanding and set me at ease. Great class!

✦ Will take another course from them! Fantastic experience!

✦ The instructor was wonderful!!!

✦ This is a brand new course and I was the first living social person they had. The only bad part of this deal was that there was still another \$38 in costs, because of range fees, a range card, bullets, etc. I wasn't happy with the hidden costs, but the instructors were friendly and great, and that made up for it. Also a bonus is that the lesson ended up 1.5 hours, instead of just one, while they stayed around as long as I wanted to shoot and use up the ammo. There was no abrupt cut off.

✦ Jack was absolutely fantastic and it was a fun one hour especially if you have not used guns before!

✦ We thoroughly enjoyed ourselves! I can't wait to take more lessons and get better. I'm going to definitely recommend *Guns-n-Gear* to my friends.

✦ Very good instruction!

✦ Jack and Tim were awesome, accommodating, and professional. I will be going back again for more training.
